that the patent granted on the above-identified present application is commonly owned with said commonly owned patent.

In making the above disclaimer, there is no disclaimer of the terminal part of any patent granted on the above-identified present application that would extend to the expiration of the full statutory term (as defined in 35 USC 154 to 156) of said commonly owned patent in the event that said commonly owned patent: expires for failure to pay a maintenance fee, is held unenforceable, is found invalid by a Court of competent jurisdiction, is statutorily disclaimed in whole or terminally disclaimed under 37 CFR 1.321, has all claims cancelled by a reexamination certificate, is reissued or is in any manner terminated prior to the expiration of its full statutory term.

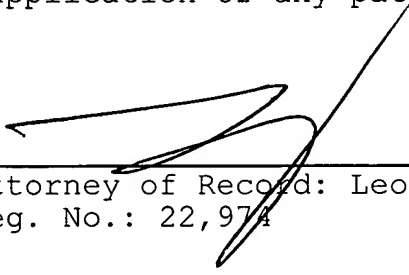

This Agreement is to run with any patent granted on the above-identified present application and is to be binding upon the grantee, its successors or assigns.

It is hereby certified that the aforesaid recorded Assignment has been reviewed, and it is hereby further certified that to the best of the undersigned's knowledge and belief, title to the above-identified present application remains in the Assignee.

The undersigned hereby states that he is an Attorney of Record in the above-identified present application.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
